Plymouth Announces Easier Way to Pay Real Estate and Personal Property Taxes

Plymouth- The Town of Plymouth would like to announce that residents will now be able to pay their Real Estate and Personal Property tax bills online. With the help of UniPay online and Plymouth's head of Information Technology Joe Young residents will be able to make online payments of FY2008 tax bills at www.plymouth-ma.gov .

The online system will accept payment in three forms: Electronic payment from your checking account, Mastercard and Discover. The ability to pay these bills follows the successful implementation last year of online bill pay for 4X4 Beach Stickers, Beach Stickers and Dump Stickers.

"I want to thank Joe Young and his staff for helping implement this system that will help Plymouth run a more efficient government services billing system." Mark Sylvia, Town Manger, proclaimed. "This online system will allow people the freedom to more easily access the town without having to make the trip to Town Hall. This helps us serve residents in all 103 sq. miles of our town."

"Customers will now have the convenience of paying tax bills from their homes. The taxpayer will receive instant payment confirmation along with a detail receipt of their transaction." Stated Ed Maccaferri, the Town's Treasurer Collector.

"People can use the bill they receive in the mail to find the bill number and then follow the easy online instructions to make a payment."

"This online service will be a great benefit to the Plymouth taxpayer. It will allow people the automatic deduction of funds from their checking accounts and will eliminate the posting time that usually comes from a mailed check." Remarked Lynne Barrett, Plymouth Finance Director. "We look forward to implementing other online tax payment services in 2008 with motor vehicle excise, boat excise and utilities."
