Reopening of Saquish and Gurnet Creek to Shellfishing

Date: October 11, 2008

Special Shellfish Regulations

The following areas will be opened to limited shellfishing from October 11 through November 15, 2008.

- *The area inside Saquish Head known as Saquish Basin*
- *Gurnet Creek from the road west to the beach opposite Clark's Island*

The following special restrictions apply at these locations.

- *Shellfishing will be permitted on Wednesdays and Saturdays only*
- *Softshell clams, quahogs, razor clam and mussels are limited to four (4) quarts each per license, per week*

All other provisions of the Plymouth Shellfish Regulations apply.

The Plymouth Harbormaster will close this area prior to November 15, 2008 if necessary, to preserve shellfish stocks.
