

Information Technology Division
(Formerly Data Processing)

The mission of the Information Technology Division is to provide technical computer service to town personnel in order to maintain data integrity and computer literacy, through support, training and knowledge. Information Technology is the key to Plymouth's ability to grow, respond to emergencies, and efficiently provide services to its citizens. Investments in IT applications and infrastructure provide town managers with tools to more effectively observe and manage the financial, physical, and human resources of the Town, as well as increase productivity.

The Goals of the Division are:

- **To maintain a municipal area network connecting all town and school buildings.**
- **To train town personnel on the use of new computer technologies.**
- **To support and maintain the town's municipal area network.**
- **To provide a stable infrastructure on which to build.**
- **To implement technologies allowing other departments to more efficiently accomplish their goals.**

We completes our Disaster Recovery/ Business Continuity Plan. Utilizing our fiber infrastructure, we built a disaster recovery site at the Emergency Operations location.

We added a new position to our staff, Police System Admin. Ryan Ruggiero was then hired to fill the position.

We continue to follow a replacement/upgrade plan that will ensure the town keeps pace with technology on all levels.

We continue to expand our GIS mapping of the town's infrastructure.

The Town of Plymouth continues to enhance its presence on the World Wide Web. The Town's web address is www.plymouth-ma.gov.
