

Plymouth Long Beach Camping Permit

Application Information

Application Information:

The application period is from August 1 through August 8. The camping lottery will be held on August 9 at 2:00pm in the Mayflower Room. Attendance at the lottery is not required.

Completed applications must be received at the Department of Marine & Environmental Affairs office by 4:00pm on Monday, August 8. Applications received after 4:00pm on August 8 will not be included in the lottery. Applications will not be accepted by email or fax.

A Plymouth Long Beach 4x4 sticker is required prior to applying.

Camping will be limited to 3 nights only with a maximum of 18 people and 5 vehicles per night. Camping is limited this season due to the timing and location of least tern nesting activity, extreme tides and available staff.

Camping dates are the nights of August 18 through August 20. Each camping permit will be issued for 1 night. The applicant should indicate their preferred night. A second and third choice may also be indicated.

Names of all campers are required at the time of application. Because of limits on the number of campers allowed to camp each night, additional campers can not be added once an application is submitted (names can be changed, but the number of campers cannot be increased).

The total number of campers allowed per permit is 8.

The total number of vehicles allowed per permit is 2, and both must have a 4x4 sticker.

An approved camping permit will function as the open cook fire permit. A separate cook fire permit issued by the Fire Department is NOT required. Open cookfires are only allowed during certain periods throughout the day. Charcoal or gas grills are not considered “open” fires.

General Camping Information:

Camping is allowed only in the area designated by the Natural Resources staff.

Each group must have a self-contained toilet, which must be presented at check-in at the Crossover. If you do not have a self-contained toilet, you will not be permitted to enter the camping area. Emptying of toilets anywhere on Long Beach is strictly prohibited.

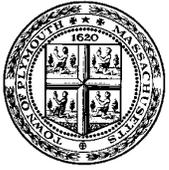

Only persons and vehicles listed on the camping permit are allowed to remain on the beach after 7:00pm. Like all other beach visitors, guests of campers must also leave by this time.

There is to be no driving of vehicles outside of the travel corridor at any time. The launching of boats via vehicle over the flats is strictly prohibited.

There is no recreational driving of vehicles on the beachfront between 7:00pm and 9:00am. After 7:00pm, campers may drive off the beach if necessary (in case of emergency), however, the Crossover gate will not be opened for re-entry until 9:00am.

The MA Department of Fisheries & Wildlife required the Town to ban dogs from the Town properties north of the Day Parking Area from April 1 to September 30 in order to comply with the Massachusetts Endangered Species Act. Therefore, **dogs will not be allowed** during camping. Please see the “Information for Dog Owners” pamphlet for more information.

Additional camping information will be provided upon issuance of a camping permit.

11 Lincoln Street, Plymouth, MA 02360 | 508-747-1620 x127

2016 PLYMOUTH LONG BEACH CAMPING PERMIT

The only area to be used for camping purposes is the area delineated and posted by the Natural Resources staff. The camping area may be subject to change depending on conditions. Campers will be advised of the location upon arrival at the Crossover.

Each party is required to have a self-contained toilet for camping. A self-contained toilet must be presented upon initial arrival to gain access to the camping area. The emptying of these toilets anywhere on Long Beach is strictly prohibited.

Town Bylaw 30-4: No person shall walk or drive any vehicle on the sand dunes, grassy areas or over any other type of vegetation on all public beaches.

Please refer to Plymouth Long Beach Rules & Regulations pamphlet.
