

➤ **Article 22: Easements – Water St & Resnik Rd**

9/14/16

Sid Kashi, Town Engineer, presented Article 22. This article involves two articles with the same intent. On Water Street, the Water Street Café has agreed to give us an easement for highway purposes to widen the roadway and sidewalk. On Resnik Road the property owner of the medical building at the corner of Industrial Park Road, has made roadway improvements. Part of the infrastructure is located outside of the roadway layout. The property owner has agreed to grant the town easement for highway purposes. Town Meeting action is required to authorize the easements and to accept alteration of the road layout allowing the easements to become parts of the layout.

Patrick O'Brien made a motion to recommend Article 22 to Town Meeting. Harry Salerno, second. The motion carries unanimously (13-0-1). Harry Salerno, abstained.
