OFFICE OF WIRING INSPECTOR:

August 3, 2011

To: All Electricians

Re: Kitchen and bathroom wiring.

Please be advised that all kitchen, bathroom or similar area remodel alterations or new installations, will require a detailed set of plans prior to the rough electrical inspection

These plans must show detailed finished product (cabinets or similar), with dimensions, as well as the detailed electrical work to be installed.

These plans may be faxed, hand delivered or mailed along with the written request for electrical inspection.

Any questions should be directed to the wiring inspector (508) 747-1620 x 115 during regular office hours: Monday – Thursday 7:30 am – 10:00 am.

Sincerely,

Mark Elsner
Town of Plymouth Wiring Inspector
