Specifications are available electronically online at no cost by completing the registration page on the Town's website at <http://www.plymouth-ma.gov/current-bids>.

Any person interested in submitting a bid are encouraged to attend a pre-bid conference on Tuesday, August 18, 2015, at 10:00 a.m. in the Mayflower 2 Meeting Room of the Town Office Building, 11 Lincoln Street, Plymouth, Massachusetts, 02360.

One (1) original and one (1) copy of the bid shall be filed in the Procurement Office before 11:30 a.m., Friday, August 28, 2015, at which time they will be publicly opened and read. All bids must be sealed and made upon forms furnished by the Procurement Division and contained in the bid documents. Bids submitted on any other form will not be accepted as valid bids. Envelopes should be clearly marked "Bid 21541, Electrician".

General bids are subject to the provisions of Massachusetts General Laws (MGL) Chapter 149 and full compliance is required.

Attention is directed to the minimum wage rates to be paid as determined by the Commissioner of Labor and Industries under the provisions of Massachusetts General Laws, Chapter 149, Section 26 and 27D inclusive. These rates shall be updated annually. No adjustments in compensation shall be permitted as a result of any changes in applicable rates.

Selection of the contractor will be based upon, among other appropriate considerations, bidder qualifications, including evidence of past performance in similar projects, and bid price. **The contract will be awarded, if at all, to the two (2) bidders deemed by the awarding authority to be the lowest responsive, responsible and eligible bidders.**

The awarding authority is the Town of Plymouth, acting by its Town Manager, who reserves all rights as to treatment of bids, including the right to waive any informalities in, or reject any and all, bids if deemed to be in the best interests of the Town.

The bidders agrees that their bids/sub-bids shall be good and may not be withdrawn for a period of 30 days, Saturdays, Sundays and legal holidays

excluded, after the opening of the bids.

All bids for this project are subject to applicable public bidding laws of Massachusetts, including G.L. c.30, Section 39M, as amended, and G.L. c.149, Sections 44A through 44M, as amended.

INSTRUCTIONS TO BIDDERS

1. Receipt and Opening of Bids

The Town of Plymouth, herein called the "Owner", acting by and through its Town Manager, will receive sealed bids for on-call electrical repair and maintenance services, filed in duplicate in the Procurement Division, Town Office Building, 11 Lincoln Street, Plymouth, Massachusetts, 02360.

Bids must be received by 11:30 a.m., Friday, August 28, 2015, at which time they will be publicly opened and read aloud. Envelopes should be clearly marked "Bid 21541, Electrician", along with the name and address of the bidder. If mailed, the sealed envelope containing the bid must, in turn, be enclosed in a second sealed envelope.

Any bid may be withdrawn prior to the above scheduled time for the opening of bids or authorized postponement thereof. Any bid received after the time and date specified will not be considered. Each bidder agrees that this bid shall be good and may not be withdrawn for a period of 30 days, Saturdays, Sundays, and legal holidays excluded, after the opening of bids.

2. Location and Work to be Done

The work consists of routine and emergency electrical repairs on the interior and exterior of municipal buildings on an on-call basis. A written estimate shall be provided and approved prior to the commencement of work. It will be determined by the Owner if projects over \$10,000.00 will be bid separately from this contract.

The successful Contractor shall furnish all labor, materials, services, equipment, plant, machinery, apparatus, appliances, tools, supplies, and all other things necessary to do all work required for the completion of each item of the Work and as herein specified.

The Work to be done and paid for under any item shall not be limited to the exact extent mentioned or described but shall include all incidental work necessary or customarily done for the completion of that item.

3. Bid Opening Procedure

The following list of requirements shall apply to each filed bid. Bids not meeting the requirement for timeliness will be rejected; bids not meeting statutory requirements of substance will be rejected.

Bids shall be filed at the place and before the time specified in Receipt and Opening of Bids, above.

Bid signatures will be checked.

All addenda will be faxed and/or emailed and/or mailed to all prospective bidders and the last of which will be mailed not later than five days prior to the date established for submission of bids. All bidders shall acknowledge receipt of the addenda in the space provided on the bid form. Nevertheless, each bidder shall be responsible to ensure and confirm that it has received all addenda.

At the opening of bids, the total dollar amount of each bid will be read, and the three apparent lowest bids will be selected for further consideration. These three apparent low bids will be read aloud for the benefit of the other bidders, if desired, and the bid opening procedure will be closed.

The following documents are to be submitted with all bids. Failure to make any of the following submissions may render the bid unacceptable:

- a. bid form
- b. references
- c. copy of electrician's license
- d. list of equipment and vehicles

4. Withdrawal of Bids

Except as hereinafter expressed provided, once a bid is submitted and received by the town, the bidder agrees that he may not and will not withdraw it within thirty (30) days (Saturdays, Sundays, and legal holidays excluded) after the actual date of the opening of proposals.

Upon proper written request and identification, bids may be withdrawn only as follows:

- a. at any time prior to the designated time for the opening of bids;
- b. after the designated time for the opening of bids, a bid may be withdrawn only (i) after a contract has been signed by the successful general bidder and Owner, and such bidder has furnished all required bonds, or (ii) if the bidder's bid was not selected by the Town after expiration of 30 days (Saturdays, Sundays and legal holidays excluded), whichever is earlier. Otherwise, a bidder withdrawing its bid after such designated time shall forfeit its bid deposit, except as provided by G.L. c. 149, § 44B(3), which allows withdrawal in the case of death, disability, bona fide clerical or mechanical error of a substantial nature, or other similar unforeseen circumstances affecting the bidder.

Unless a bid is withdrawn as provided above, the bidder agrees that it shall be deemed open for acceptance until a contract has been executed by the Town and successful bidder and such bidder

has furnished all required bonds, or until the Town notifies the bidder in writing that his bid is rejected, or that the Town does not intend to accept it, or returns his bid surety. Notice of acceptance of a bid shall not constitute rejection of any other bid.

5. Ability and Experience of Bidder

No award will be made to any bidder who cannot satisfy the Owner that he has sufficient ability and experience in the applicable class of work and sufficient capital and plant to enable him to prosecute and complete the work successfully within the time named. The Owner's decision or judgment on these matters will be final, conclusive, and binding.

Bidders will be deemed "responsible and eligible" if they meet the following criteria, among any other criteria required by law:

a. The Bidder must possess a valid Master Electrician license to perform this work in the Commonwealth of Massachusetts. A copy must be submitted with the bid;

b. The Bidder must provide evidence that they have been regularly and actively in business performing this type of work, operating under the same business name and organization structure for a minimum of five (5) years and be located so as to provide a minimum of one (1) hour emergency service. The Bidder must provide at least three (3) current references to illustrate the ability of the firm and employees to serve as primary electrical contractors ;

c. The Bidder must directly employ and maintain a minimum work force consisting of not less than two (2) full-time electricians holding (at least) a Commonwealth of Massachusetts Journeymen Electricians License. Copies must be submitted with the bid.

d. The Bidder must have sufficient (both in number and capability) equipment and vehicles, stocked with commonly used consumable supplies and repair parts associated with the electrical trade, to respond to the Town's need. Submit a listing of equipment and vehicles.

e. The Bidder shall maintain 24-hour/7-day per week emergency response telephone number staffed by a person, not an answering machine.

The Owner may make such investigations as he deems necessary, and the bidder shall furnish to the Owner, under oath if so required, all such information and data for this purpose as the Owner may request.

6. Scope of Work

Each bidder must familiarize himself fully with the conditions

relating to the construction of the project and the employment of labor thereon. Failure to do so will not relieve a successful bidder of his obligation to furnish all material and labor necessary to carry out the provisions of his contract. Insofar as possible the Contractor, in carrying out his work, must employ such methods or means as will not cause any interruption of or interference with the work of any other Contractor whom the Town may, in its discretion, employ at the site.

The Bidder shall furnish all labor, materials, transportation, equipment, and incidentals, necessary for on-call electrical repair and maintenance services as directed by the Owner. All work shall be performed by a Massachusetts licensed Electrician holding at least Journeyman Electrician License in accordance with Massachusetts General Laws.

The hourly bid rates reflect the prices the Bidder will charge per hour only, not per hour per person. Unless prior approval is received from the Owner, only one licensed electrician shall be assigned to work on a job, the requirements of the work dictating the level of skill. The Owner reserves the right to question the need for additional workers and prior permission must be received before they are scheduled on a particular job. No work shall be subcontracted or sublet without the prior written approval of the Owner.

All materials shall be new and of satisfactory quality. All workmanship shall conform to the best practices in the trade, performed by skilled and properly licensed labor. The Owner will reject all unsatisfactory materials or services. All services shall be guaranteed for one year from date of installation. The Bidder shall clean up the work site and remove and appropriately discard any debris.

The Bidder shall perform routine and emergency electrical services including, but not limited to, trouble-shooting electrical problems, electric power wiring, control wiring, sensor wiring, and other wiring except telephone, as well as all raceway, switch gear, circuit breakers, fuses, other equipment, fixtures, and devices attached to same, and any other related electrical equipment service and repairs.

Upon receiving a service call, the Bidder shall respond within one (1) hour and commence work immediately and no later than two (2) for emergency services. For non-emergency related calls work shall commence within two (2) days. Failure to respond to this requirement may be considered a breach of contract and cause for termination.

Prior approval shall be received from the Owner for labor and materials before beginning any work.

The Owner shall be notified upon completion of the work. Submit all relevant paperwork including actual labor and materials costs to the Owner.

7. Addenda and Interpretations

No interpretation of the meaning of the specifications or other pre-bid documents will be made to any bidder orally, and if any oral interpretations are provided, no bidder may rely upon them. All information given to bidders other than by means of the specifications, or by addenda, as described below, is given informally and shall not be used as the basis of a claim against the Owner. Questions related to the bid process can be addressed to Pamela D. Hagler, Procurement Officer, at 508-747-1620 ext. 210.

Every request for such interpretation must be in writing, addressed to the **Owner** and faxed to the Procurement Officer at 508-830-4133 or emailed phagler@townhall.plymouth.ma.us.

To be given consideration, each written request must be received at least five (5) days prior to the date fixed for the opening of bids. Any and all interpretations and any supplemental instructions given by the Town will be in the form of written addenda to the bid documents. When issued, addenda will be distributed to all prospective bidders (at the respective address furnished by them for such purposes). Failure of any bidder to receive any such addenda shall not relieve such bidder from any obligation under his bid as submitted. It shall be the sole responsibility of a bidder to confirm that it has received any and all addenda. All addenda so issued shall become part of the Contract Documents.

8. Laws and Regulations

The bidder's attention is directed to the fact that all applicable State laws, municipal ordinances, and the rules and regulations of all authorities having jurisdiction over construction of the project shall apply to the contract throughout, and they will be deemed to be included in the Contract the same as though herein written out in full.

9. Obligation of Bidder

At the time of the opening of bids each bidder will be presumed to be thoroughly familiar with the Contract Documents (including all addenda). The failure or omission of any bidder to examine any form, instrument, or document shall in no way relieve any bidder from any obligation with respect to his bid.

10. Information Not Guaranteed

All information, if any, given in the Contract Documents relating to subsurface, orther conditions, natural phenomena, existing pipes, and other structures is furnished only for the information and convenience of bidders and is not guaranteed. If a bidder has reason to question the accuracy of any such information, it must notify Owner in writing before submitting its bid, failing which the bidder shall, if awarded a contract, be responsible for all

consequences arising from such inaccuracy.

It is agreed and understood that the Owner does not warrant or guarantee that the subsurface or other conditions, natural phenomena, existing pipes, or other structures encountered during construction will be the same as those indicated in the Contract Documents.

If is further agreed and understood that no bidder or Contractor shall use or be entitled to use any of the information made available to him or obtained in any examination made by him in any manner as a basis of or ground for any claim or demand against the Owner, arising from or by reason of any variance which may exist between the information made available and the actual subsurface or other structures actually encountered during the construction work, except as may otherwise be expressly provided for in the Contract Documents or G.L. c. 30, § 39N.

11. Right to Reject Bids

The Owner reserves the right to waive any informalities or reject any and all bids, should the Owner deem it to be in the public interest to do so, and to take any and all other actions with respect to bids as are permitted by law.

The Owner may also reject bids which in its sole judgment do not conform to G.L. c. 149, §§ 44A-44H, or which are incomplete, conditional, obscure, or not responsive, or which are on a form not completely filled in, or contain additions not called for, or for other reasons allowed by law.

12. Comparison of Bids

Bids will be compared on the basis of the total bid price as set forth in the bid forms.

In the event that there is a discrepancy between the lump sum or unit prices written in words and figures, the prices that are the lowest, whether in written words or figures, will govern.

13. Award of Contract

The Contract will be awarded, if at all, to the two (2) bidders deemed to be "the lowest responsible and eligible bidder" pursuant to and as defined in General Laws Chapter 149, Section 44A, as amended. Such bidders shall possess the skill, ability and integrity necessary for the faithful performance of the work, shall be able to furnish labor that can work in harmony with all other elements of labor employed, or to be employed, in the work, and shall be able to certify that all employees to be employed at the worksite will have successfully completed a course in construction safety and health approved by the United States Occupational Safety and Health Administration that is at least 10 hours in duration at the time the employee begins work and who shall furnish documentation of successful completion of said

course with the first certified payroll report for each employee; and shall otherwise comply with all applicable provisions of law.

14. Contract Period

The Contract shall be for the period September 8, 2015, or as soon thereafter as a contract can be executed, through September 1, 2016. If the Not-To-Exceed expenditure amount of \$99,999.00 is reached before September 1, 2016, the contract will be re-bid at that time.

15. Statutes Regulating Competitive Bidding

16. Wage Rates

Prevailing Wage Rates as determined by the Commissioner of Department of Labor and Industries under the provision of the Massachusetts General Laws, Chapter 149, Section 26 to 27G, as amended, apply to this project. It is the responsibility of the contractor, before bid opening, to request if necessary, any additional information on Prevailing Wage Rates for those tradespeople who may be employed for the proposed work under this contract.

Information about Prevailing Wage Schedules for Awarding Authorities and Contractors

- This wage schedule applies only to the specific project referenced at the top of this page and uniquely identified by the "Wage Request Number" on all pages of this schedule.
- An Awarding Authority must request an updated wage schedule from the Department of Labor Standards ("DLS") if it has not opened bids or selected a contractor within 90 days of the date of issuance of the wage schedule. For CM AT RISK projects (bid pursuant to G.L. c.149A), the earlier of: (a) the execution date of the GMP Amendment, or (b) the bid for the first construction scope of work must be within 90-days of the wage schedule issuance date.
- The wage schedule shall be incorporated in any advertisement or call for bids for the project as required by M.G.L. c. 149, § 27. The wage schedule shall be made a part of the contract awarded for the project. The wage schedule must be posted in a conspicuous place at the work site for the life of the project in accordance with M.G.L. c. 149 § 27. The wages listed on the wage schedule must be paid to employees performing construction work on the project whether they are employed by the prime contractor, a filed sub-bidder, or any sub-contractor.
- All apprentices working on the project are required to be registered with the Massachusetts Division of Apprentice Standards (DAS). Apprentice must keep his/her apprentice identification card on his/her person during all work hours on the project. An apprentice registered with DAS may be paid the lower apprentice wage rate at the applicable step as provided on the prevailing wage schedule. **If an apprentice rate is not listed on the prevailing wage schedule for the trade in which an apprentice is registered with the DAS, the apprentice must be paid the journeyworker's rate for the trade.**
- The wage rates will remain in effect for the duration of the project, except in the case of multi-year public construction projects. For construction projects lasting longer than one year, awarding authorities must request an updated wage schedule. Awarding authorities are required to request these updates no later than two weeks before the anniversary of the date the contract was executed by the awarding authority and the general contractor. For multi-year CM AT RISK projects, awarding authority must request an annual update no later than two weeks before the anniversary date, determined as the earlier of: (a) the execution date of the GMP Amendment, or (b) the execution date of the first amendment to permit procurement of construction services. Contractors are required to obtain the wage schedules from awarding authorities, and to pay no less than these rates to covered workers. The annual update requirement is not applicable to 27F "rental of equipment" contracts.
- Every contractor or subcontractor which performs construction work on the project is required to submit weekly payroll reports and a Statement of Compliance directly to the awarding authority by mail or email and keep them on file for three years. Each weekly payroll report must contain: the employee's name, address, occupational classification, hours worked, and wages paid. Do not submit weekly payroll reports to DLS. A sample of a payroll reporting form may be obtained at <http://www.mass.gov/dols/pw>.
- Contractors with questions about the wage rates or classifications included on the wage schedule have an affirmative obligation to inquire with DLS at (617) 626-6953.
- Employees not receiving the prevailing wage rate set forth on the wage schedule may report the violation to the Fair Labor Division of the office of the Attorney General at (617) 727-3465.
- Failure of a contractor or subcontractor to pay the prevailing wage rates listed on the wage schedule to all employees who perform construction work on the project is a violation of the law and subjects the contractor or subcontractor to civil and criminal penalties.
