

General Guidelines for Submitting Zoning Applications to the Inspectional Services Department.

Note: these notes are general information only and do not meet every situation.

Residential Zoning: 1 site plan with setbacks and sizes

Commercial/Industrial Zoning: 3 floor plans for interior work
4 stamped site plans for New or Additions (full set not required)

Residential Zoning for Demo*/Rebuild: 1 Stamped site plan showing both Demo/Rebuild; with dimensions.

*Demo alone would not require Stamped plans.

Sign Zoning: Site plan showing elevations, position/placement. Rendition of sign with colors and sizes.

Note: All new houses require Stamped Site plans AND a verification of house number sheet from the Engineering Dept.
