

**PROJECT FORM - ARPA (American Rescue Plan Act): CLFRF (Coronavirus Local Fiscal Recovery Funds)**

Staff Contact: Chief Ed Bradley  
Project Name: Public Safety Communications Tower Camelot  
Location (address or gps): 131 Camelot Drive, Plymouth  
Estimated Cost: \$328,900.00 (if over \$10M, additional info will be required)  
Projected construction start date (month/year): September 2021  
Projected initiation of operations date (month/year): December 2021  
Will this project include any contracts > \$50,000? Yes No  
Project Description (50-250 words):

The Fire Department is constructing a 180-foot-tall communications tower for public safety agencies operating in Plymouth. This tower is to replace the roof mounted communications tower that was on Fire Headquarters at 114 Sandwich Street. The roof structure and tower itself were no longer structurally sound and that tower was removed from the building. In its place the Town is using a temporary trailer mounted communications tower that is insufficient for our needs. The Town has \$500,000.00 appropriated for the project, due to pricing increases after COVID and costs to bring utilities to the site (fiber cables, electric ECT.) additional funding is required to complete the project. The tower will have space for cell operators, Verizon has indicated they are interested in space on the tower to connect to their small cell system in Plymouth which will enable Verizon to provide 5G service to cell customers..

For Town Manager Dept Use

Submit to SB  
SB Approval Date: 7/27/21  
Amount: \$ 328,900

For Finance Dept Use

Project #: 1-1  
Accounts:  
22851231-
