

PROJECT FORM - ARPA (American Rescue Plan Act): CLFRF (Coronavirus Local Fiscal Recovery Funds)

Staff Contact: Chief Ed Bradley
Project Name: remodel Fire Station 5 Manomet for Ventilation costs only
Location (address or gps): 827 State Road, Plymouth
Estimated Cost: \$343,000.00 (if over \$10M, additional info will be required)
Projected construction start date (month/year): September 2022
Projected initiation of operations date (month/year): December 2023
Will this project include any contracts > \$50,000? Yes No
Project Description (50-250 words):

Fire Station 5, Manomet Fire Station, has serious health and safety conditions within the living areas of the structure. Over the years some mitigation work has been performed to keep the crews safe, however the Town recognizes that the station's living areas are not sufficient for the crews that are required to work and live at the facility today. Our consultants recommended a complete renovation of the garage apparatus bays and construction of a new living area. The Town has hired an Owners Project Manager and an architect form funds approved at Special Town Meeting August 2020. Conceptual designs are complete, October 2021 Fall Annual Town Meeting will be asked to approve funding to demolish and rebuild the living areas of Station 5 and renovate "as new" the existing garage apparatus bay areas. The request for \$343,000.00 in ARPA funding is for vetilation costs only, to replace and provide new heating, ventilation, and air conditioning (HVAC) system in the congregate setting of the living areas of the fire station. The new HVAC system will provide a ventilation system that will meet the pandemic needs of this public facility.

For Town Manager Dept Use
 Submit to SB
SB Approval Date: 8/24/21
Amount: \$343,000

For Finance Dept Use
