## **Notice**

The Plymouth Airport Commission voted on and approved the below sewer rate at 8PM at their meeting in the Airport Administration Building Conference Room on July 14, 2022.

The new rate is 3.5 times the water rate with a minimum charge of \$175.00/Quarter. In turn, some airport users will have their sewer fee go down while higher water users will see an increase. As the Town of Plymouth Sewer Department is the licensed operator of the treatment plant, it is important that we are consistent with the Town rates to help cover the actual cost of operating the treatment plant.

The Town will implement the billing with their first quarter billing of water, scheduled for mailing on July 28th

### **NEW FEE STRUCTURE**
