## MEMORANDUM

TO: SANDRA STRASSEL – PROCUREMENT OFFICER  
FROM: CHAD HUNTER, HARBORMASTER  
SUBJECT: CAPITAL REQUEST – SKIFF DOCK REPLACEMENT  
DATE: OCTOBER 31, 2023

---

Sandra,

We would like to respectfully request \$110,000 from the waterway uses account to replace two floating docks in the vicinity of the charter boat floats. The floats to be replaced include one large timber floating dock approx. 16'x40' that supports the gangway and a smaller attached 8' x 20' timber floating dock.

Both floating docks are more than 35 years old and have extensive wood and hardware rot making them cost prohibitive to repair at this point. A temporary repair completed to the large float in 2019 uncovered severe structural damage and extensive rot. We are looking to replace these floats with low maintenance concrete or HD timber floating docks.

These floats support boating access, a charter boat landing area, and over 50 skiffs that generate approximately \$15k - \$20k per year.

Respectfully submitted,

Chad Hunter – Plymouth Harbormaster
