

## Massachusetts Excellence in Technology Award

The Town of Plymouth's Information Technology Department received the Massachusetts Excellence in Technology Award in the Collaboration & Partnerships category. The award recognizes IT's Design, Project Management, and Integration of a new 911 call center at the Plymouth County Sheriff's Department (PCSD) Communication Center.

This project would not have been possible without the Collaboration and Partnership of Plymouth's IT, and PCSD IT and Maintenance departments. Working together they were able to seamlessly move Plymouth's Police and Fire Dispatch Centers to the PCSD Communications Center without disruption in service.

Accepting the award from Jason Snyder, Massachusetts' Secretary and Commonwealth Chief Information Officer (center). is Joseph Young, Plymouth's IT Director (right). Ryan Ruggiero, Plymouth's Asst IT Director Plymouth(left)
