Total as of February 1, 2025	151

Dates	Number of Calls Received	Town of Plymouth Removal
January 18 th to January 27 th	202 calls	32 (29 birds & 3 wildlife)
January 28 th	17 calls	4 birds
January 29 th	9 calls	2 birds
January 30 th	17 calls	3 birds
January 31 st	14 calls	11 birds

February 1 st	3 calls	2 birds
Total as of February 1, 2025	262	54

Town and state officials continue to advise the community of personal protective measures that include but are not limited to:

- Keeping all domestic animals away from any deceased birds/wildlife and to avoid contacting deceased wildlife themselves.
- Removal of deceased birds or other wildlife should be left to Town and state officials.
- All backyard poultry should be corralled for the foreseeable future and **not** let to roam free range.
- Residents who have poultry should always use protective gear when dealing with their flock (feeding, shoveling feces, etc.) and should wash their hands well with soap and warm water after handling.

If you discover a deceased animal, either domestic or wild, residents should report to the Town's Health and Human Services Public Health Division by calling 508-322-3339 and to the Animal Control Office by calling 508-888-1186.
