February 1 <sup>st</sup>	3 calls	2 birds
February 2 <sup>nd</sup>	9 calls	3 birds
<b>Total as of February 2, 2025</b>	<b>271</b>	<b>57</b>

Town and state officials continue to advise the community of personal protective measures that include but are not limited to:

- Keeping all domestic animals away from any deceased birds/wildlife and to avoid contacting deceased wildlife themselves.
- Removal of deceased birds or other wildlife should be left to Town and state officials.
- All backyard poultry should be corralled for the foreseeable future and **not** let to roam free range.
- Residents who have poultry should always use protective gear when dealing with their flock (feeding, shoveling feces, etc.) and should wash their hands well with soap and warm water after handling.

If you discover a deceased animal, either domestic or wild, residents should report to the Town's Health and Human Services Public Health Division by calling 508-322-3339 and to the Animal Control Office by calling 508-888-1186.
