Departments will be providing me with updates on their most frequent requests and I will share that information here.

Please take all the recommended precautions and safe practice being recommended by the Governor's Office and State Department of Public Health.

On behalf of the Select Board, I want to ask residents, parents, children, everyone, to please respect the social distancing that is so necessary right now. We have not yet closed all parks, but will need to do so if those practices are not being followed.

We are currently scheduled to return to normal operations on Monday, April 6th.
Thank you,

Melissa G. Arrighi, Town Manager
